Credit Task -II

Step-1

This task is designed to assess the Credit level expectations.

Step-2

Your tutor will then review your submission and will give you feedback. If your submission is incomplete the tutor will ask you to include missing parts. Tutor can also ask follow-up questions, either to clarify something that you have submitted or to assess your understanding of certain topics.

Feedback and submission deadlines

Feedback deadline: Friday 23rd May (No submission before this date means no feedback!)

Submission deadline: Before creating and submitting portfolio.

Required documents

1. Submit a report (pdf format) in Ontrack (https://ontrack.deakin.edu.au)

Objective

Reflect on your learning journey up to **week 6** by summarizing your favorite topic and presenting the practical activity, you enjoyed the most. This task aims to enhance your understanding and ability to communicate key concepts and applications effectively.

Evidence of Learning

Part I: Summary of Your Favorite Topic

- Step 1: Begin with a brief introduction to the topic you have chosen. Explain why it stands out to you compared to other topics covered so far.
- Step 2: Summarise the main ideas and concepts of the topic. Ensure that you cover the essential points that provide a comprehensive understanding of the subject.
- Step 3: Discuss how this topic applies in real-world scenarios or within your field of study. Provide examples to illustrate its significance.
- Step 4: Share your personal insights or thoughts on the topic. Explain how it has influenced your perspective or approach to the subject manner.

Part II: Presentation of the selected Ontrack problem solving task

- Step 1: Provide a detailed description of the Ontrack tasks that you enjoyed the most. Include the objectives and what the activity entailed.
- Step 2: Describe the steps you took to complete the activity. Be specific about the tools, techniques, and methods used.
- Step 3: Present the results or outcomes of the activity. Use data, screenshots, or visual aids to support your presentation.
- Step 4: Reflect on what you learned from the activity. Discuss any challenges you faced and how you overcame them.
- Step 5: Explain how this activity is relevant to the course content. Discuss how it helped reinforce theoretical concepts or provided new insights.

Formatting Guidelines

- Length: The summary should be 200-300 words, and the practical activity presentation should be 300-700 words.
- Clarity: Write in a clear and concise manner, avoiding jargon unless it is explained.
- Visuals: Include relevant visuals such as diagrams, screenshots, or charts to support your presentation.
- References: Cite any sources or references used in APA format.
